## WARNING AGAINST FRANCO PLANES OVER FRANCE

### JAPAN FLIERS KILL OR WOUND 1,500 IN CANTON

Monday Raids Bring Deaths  
in South China City in Nine  
Days to 1,500

Civilians Now  
Leaving Hankow

CANTON (CP-Havas)—Jap-  
anese bombers Monday killed or  
wounded 1,500 persons in this  
south China city and damaged  
more than 1,000 buildings.

In two raids, the planes  
marked the ninth day of almost  
uninterrupted aerial bombing  
by zooming over stricken Canton  
in squadrons of 40 and 50 and  
dropping more than 100 large  
bombs.

Apart from today's official  
casualty toll, the previous at-  
tacks had killed 2,500 persons,  
mostly civilians, and injured  
many more than that number.

#### HOSPITAL BOMBED

Physicians and Red Cross  
nurses, active in helping the vic-  
tims, were themselves targets  
for the explosives. The French  
Dourmer Hospital and the nearby  
quarters of the Chinese Red  
Cross were hit. More than 50  
were killed at the Red Cross  
building, among them internes,  
nurses and boy scout orderlies.

Laboratories worth about  
\$700,000 were destroyed at the  
Dourmer Hospital. One side of  
the building was blown out and  
a French military surgeon was  
slightly wounded. Two Chinese  
patients were killed and many  
injured.

Corpses were strewn over the  
wide, macadam road in front of  
the hospital as buildings nearby  
were hit.

#### PROTEST TELEPHONED

British Consul A. P. Blunt  
telephoned a protest to the Jap-  
anese consul-general in Hong-  
kong against the raiders flying  
over the foreign quarter on  
Shamene Island.

No bombs were dropped in the  
foreign settlement, but planes  
were said to have released nu-  
merous bombs over the settle-  
ment in order to hit nearby  
buildings.

More than 1,500 persons have  
been killed and 2,500 wounded,  
according to official estimates,  
since the Japanese started their  
attacks nine days ago.

Sunday 50 Japanese planes  
attacking in relays killed an es-  
timated 200 Chinese in Canton.  
The raid lasted more than an  
hour.

Reports from Hongkong said  
Japanese Consul-General Toyochi  
Nakamura had informed the  
British Consul-General at Canton  
he was forwarding his protest to  
Tokyo.

He was said to have assured  
him that the Japanese aviators

### Sun Soars As Drought Lasts

One of Longest Dry Spells  
For This Time of Year,  
Gonzales Reports

Victoria today is experiencing  
the hottest day of the year, ac-  
cording to reports of Gonzales  
Meteorological Observatory offi-  
cials, this afternoon when the  
thermometer showed signs of ris-  
ing still higher.

While the dry spell has not set  
any particular record it is the  
longest at this time of the year  
in many years. Gonzales re-  
corded 74 degrees today at noon. The  
thermometer dropped consider-  
ably soon after though. In town,  
however, the temperature soared  
several degrees higher.

In 1926 a record dry spell was  
set for the lower island when the  
sun shone steadily from June 14  
to August 17.

The forecast for tomorrow  
shows a change with easterly  
winds becoming cloudy and  
cooler.

### PROSPECTOR IS RIVER VICTIM

Joseph Hannah, Vancouver,  
Drowned on June 1; Com-  
panion Treks Out

Joseph Hannah, 8th West, Van-  
couver, a prospector, was  
drowned in the Nimpkish River on  
June 1 when the boat in which  
he and a companion were travel-  
ing upset.

Word of the tragedy was  
brought to Provincial Police at  
Alert Bay yesterday by J. S.  
Cameron, Hannah's companion,  
after a four-day trek through the  
woods.

B.C. Police headquarters here  
were advised by Constable G. C.  
Halsey-Brand that Cameron ar-  
rived at Alert Bay yesterday with  
news of the accident and that the  
officer with Cameron, had set out  
immediately to recover the body.

At the time of the accident the  
two prospectors were headed up  
stream towards Woss Lake.

#### RAIN NEEDED

SEATTLE (AP)—Wm. Shaw,  
state horticultural inspector for  
northwestern Washington, said  
today that valuable pea and corn  
crops will fall unless rain falls  
within the next few days. The  
forecast was for continued fair  
weather. Rain would spoil straw-  
berries, too, Shaw said.

### Drivers of Both Cars Escape Serious Injury

Thomas W. Edge, Carey Road,  
miraculously escaped injury this  
morning when the truck which he  
was driving was involved in a  
collision and pushed against a  
telephone pole at the southeast  
corner of Niagara and Govern-  
ment Streets. The truck and a  
car driven by Alfred Sohn, 3208  
29th Avenue W., Vancouver, were  
in the collision. As shown in the  
top picture the right side of the  
truck was stove in by striking the  
pole. When police arrived the  
truck was leaning over on its  
right side against the pole. Mr.  
Sohn's car, a sedan, shown in the  
lower picture, was also consider-  
ably damaged, the radiator being  
pushed back and both headlights  
being crushed. Mr. Sohn received  
a cut on the head which was not  
serious.

### Fire Destroys Ashcroft House

ASHCROFT, B.C. (CP)—Fire-  
men battled two hours before  
subduing a week-end blaze which  
destroyed a two-story residence  
owned by Joe Bell Harvey and  
threatened for a time the main  
section of this town.

The blaze spread to J. J. Ting's  
general store, which was badly  
damaged. Other store owners in  
the block were prepared to evacu-  
ate their buildings.

### Two Released In Kidnap Search

M. F. Braxton and Son  
Freely; G-Men Press Jimmy  
Cash Inquiry in Florida

PRINCETON, Fla. (AP)—M. F.  
Braxton and his son, James, held  
by federal agents since last Wed-  
nesday in connection with the  
kidnapping of five-year-old James  
Bailey Cash, were released today  
after their wives had called at  
the Federal Bureau of Investiga-  
tion office and pleaded for their  
freedom.

The women, almost hysterical,  
emerged from the F.B.I. office  
and reported the agents had re-  
fused to let them see their hus-  
bands or give them any word, but  
the unemployed carpenter and  
his fisherman son turned up here  
a short time later.

Both declined to make any  
statement about the case.

F.B.I. men continued concen-  
trating on two phases of the case  
—questioning of a long list of  
persons and keeping close watch  
for any of the banknotes making  
up the \$10,000 paid last week by  
the elder Cash to the unknown  
abductors.

The child was stolen from his  
bedroom the night of May 28.

### B.C. Marriages Show Increase

While 469 couples were going  
to the altar in British Columbia  
in April 44 others were telling it  
to the judge in the divorce court,  
according to vital statistics made  
public today. Wives secured 25  
divorces and husbands 19.

The number of marriages  
showed an increase of 60 over  
April of last year, up about 15  
per cent.

Births registered during the  
month were 988, against 905 last  
year, or an increase of 9 per cent.  
Deaths showed a decrease from  
618 to 563.

Cancer was held responsible for  
76 deaths in April, tuberculosis  
for 32, pneumonia of all types 22,  
and influenza for six. Motor ac-  
cidents claimed five lives.

### Indians Rescue Lost Prospectors

Party Here For Congress  
Tells of Picking Up Two  
Men Adrift on Raft

Rescue Saturday  
Off Esquimalt

Smoke plumes, glimpsed far  
inland on the west coast of Van-  
couver Island last week and  
thought possibly to be from the  
four passengers missing in a Van-  
couver-Zeallos airplane, were  
from the fires of two prospectors  
who became marooned while  
hiking out of the mining town.

This became known in Victoria  
Saturday with the arrival of a  
group of Indians to attend the  
Eucharistic Congress.

They told of finding Stanley  
McClay and Ross Kyle of Van-  
couver adrift on a raft in Sidney  
Inlet after a long trek over the  
heavily-wooded hills.

McClay and Kyle made several  
fires to attract attention, but  
moved on towards the coast each  
day. Finally they reached the  
shores of Sidney Inlet, built a  
raft and put to sea.

Then they floated unobserved  
for four days with little food.  
They told the Indians that sev-  
eral ships passed them, but they  
were not noticed.

The Indians spotted the drift-

### Delay In Move To Change B.N.A. Act

No Unemployment Insurance  
at This Session, Says  
Premier King

OTTAWA (CP)—It is not likely  
the necessary co-operation of the  
provinces will be obtained in time  
to introduce a national unemploy-  
ment insurance scheme at the  
present session, Prime Minister  
King told the House of Commons  
this afternoon.

The question was raised by H.  
J. Barber, Conservative, Fraser  
Valley, who recalled that a meas-  
ure was forecast in the Speech  
from the Throne. He asked the  
Prime Minister if it would come  
down at the present session.

Mr. King replied that when  
Parliament met it had been the  
hope of the government to obtain  
co-operation of the provinces in  
an amendment to the British

### FRANCO ARMY GROUPS FIGHT

General Punishes Officers  
For Shooting at Italians;  
Executions Reported

GIBRALTAR (AP)—Week-end  
executions and hurried burials at  
La Linea, just north of Gibraltar,  
and strict military vigilance  
throughout insurgent Spain were  
reported today by travelers  
reaching Gibraltar.

There was unusual activity at  
La Linea's cemetery. Townspeople  
said executions took place  
over the week-end, but they  
were unable or afraid to say how  
many went before the firing  
squad.

It was reported Saturday that  
thousands of leaflets inscribed  
"Down with Fascism" and  
"Long live the republic" had  
been scattered in La Linea and  
slogans in similar vein scrawled  
in charcoal on many walls.

Several persons were said to  
have been arrested and con-  
demned to be shot in the court-  
yard of the military barracks.

#### SHARP MEASURES

HENDAYE (AP)—Gen. Franco  
was reported today to have or-  
dered severe measures to avoid  
open conflict between his Span-  
ish insurgent officers and their  
blackshirt Italian allies. Franco  
was said to have left the eastern  
war front to hold a hurried coun-  
cil of war at Burgos, seat of the  
insurgent government.

The meeting was held, insur-  
gent sources said, following fights  
between insurgents and Italian  
officers, the most serious of  
which took place at Malaga and  
Zaragoza, where they engaged in  
fisticuffs and exchanged revolver  
shots Sunday a week ago—the  
day set aside for day-long festivi-  
ties celebrating Italian and Span-  
ish solidarity.

#### NUMBER ARRESTED

These sources said Franco,  
whose drive on Valencia was vir-  
tually halted by government  
militiamen, had ordered the  
arrest of a number of his officers  
as an indication of his continued

### Summer Forest Camps Opening

First Crews Go Out to Pro-  
vincial Training Centres

The Young Men's Forestry  
Training Plan in British Colum-  
bia got under way over the week-  
end for 1938 with the opening of  
the main training centres at  
Cowichan Lake; Green Timbers  
and Point Grey. The Aleza Lake  
camp will be opened tomorrow,  
headquarters here announced.

A crew of 15 went to Cowichan  
Lake to prepare the camp for the  
rest, who will go out during the  
next week or two. Crews of 20  
were at Green Timbers and Point  
Grey today.

The department has approved  
about 100 applications from  
young men so far and is dealing  
with approximately 500 others.  
Each applicant will serve a two-  
week probationary period in the  
main camps before being sent  
out on trail and park work.

### Rigger Killed At Fanny Bay

Albert Mylander, a rigger at  
Grant's Logging Camp, Fanny  
Bay, was killed instantly during  
operations yesterday morning, ac-  
cording to advices reaching divi-  
sional headquarters of the B.C.  
Police here today.

The report said Mylander was  
dismantling a tree when the top  
fell on him, killing him instantly.

He is survived by his wife and  
two children at Bowser.

An inquest will be held tonight  
at Courtenay.

### JOBLESS STILL HOLD BUILDINGS

OTTAWA (CP)—The situation  
in Vancouver, where transient  
single unemployed men have been  
occupying the Post Office and the  
Art Gallery remains compara-  
tively unchanged, Hon. Norman  
Rogers, Minister of Labor, told  
the House of Commons this after-  
noon. The question was raised by  
Grant MacNell, C.C.F., Vancou-  
ver North.

### Rotary Areas May Be Changed

BANFF, Alta. (CP)—Because  
the 116th district of Rotary Inter-  
national, stretching from the head  
of the Great Lakes to Banff is  
"too large in the matter of area,"  
Oliver C. McIntyre, Edmonton,  
governor of the district, sug-  
gested in his report to the dis-  
trict's 23rd conference here today  
that it should be divided and the  
eastern section joined with the  
district including Duluth.

### Was Franco In Victoria?

Publicity Bureau Has Inquiry  
About Spanish Rebel  
Leader's Movements

The Victoria and Island Pub-  
licity Bureau wants to find out if  
anyone in Victoria has any  
knowledge of Generalissimo Fran-  
cisco Franco, head of the Span-  
ish rebels, having visited the  
city.

The bureau received an in-  
quiry last week from a man who  
said Franco had been in southern  
California some two or three  
years before the outbreak of the  
Spanish civil war. Working on  
the assumption that a large pro-  
portion of the people going from  
Europe to California eventually  
come to British Columbia, he  
wanted to know if the bureau  
had any record of Franco visit-  
ing Victoria.

Franco, he said, had various  
jobs around the Hollywood dis-  
trict for some time, and "did not  
cut much ice" among those who  
knew him there.

## Great Throng At Outdoor Service

Parade and Benediction  
Feature First Eucharistic  
Congress in Victoria

In brilliant sunshine yesterday  
afternoon a vast concourse of  
persons from all parts of Van-  
couver Island and of many creeds  
knelt, with bowed heads, on the  
grass of Beacon Hill Park while  
the Blessed Sacrament, in its  
golden monstrance, was held  
aloft during the solemn benedi-  
ction which featured the first Eu-  
charistic Congress ever held in  
the city.

Thousands of persons of the  
Protestant faith joined with  
Roman Catholics for the occa-  
sion, which was outstanding in  
church annals of Victoria. Benedi-  
ction was sung in the Mayor's  
Grove of the park, at an altar  
especially erected beneath tower-  
ing oaks. The ceremony was most  
impressive and deeply significant  
and followed a procession which  
took 25 minutes to pass a given  
spot and was witnessed by thou-  
sands over the two-mile route.

The parade was one of the  
most colorful and cosmopolitan  
ever seen in the city and more  
than 1,000 persons marched in it.

PARIS (AP)—Premier  
Edouard Daladier today left by  
plane for the French-Spanish  
frontier, accompanied by General  
Jules Decamp, chief of his mili-  
tary staff, immediately after he  
had received word war planes  
from Spain had crossed the fron-  
tier for the second successive day.  
The fast army plane landed the  
Premier at Toulouse at 3:30 p.m.  
He was met by local military and  
civilian authorities and left by  
automobile for a tour of the fron-  
tier region.

M. Daladier discussed with com-  
manders of anti-aircraft, aviation  
and army units in the Toulouse  
border region all means of pro-  
tecting the district against fur-  
ther bombardments.

"The next bombing error Span-  
ish planes make over French ter-  
ritory will bring them an un-  
pleasant surprise," one French of-  
ficial commented.

#### NO BOMBS TODAY

Today's air raiders from Spain,  
like those of yesterday, were nine  
planes flying in three formations,  
but they dropped no bombs and  
turned back after a 10-minute  
flight over French territory dur-  
ing which they were greeted by  
warning shots from at least two  
French anti-aircraft batteries.

Squadrons of French war  
planes patrolled near the Spanish  
frontier under orders to shoot  
down any air raiders attempting  
an attack on French soil.

#### BOMBING YESTERDAY

An official investigation was  
ordered of the bombing Sunday  
when nine bombers of "unknown  
nationality" dropped bombs 15  
miles inside the French border.  
Witnesses said the planes pene-  
trated 50 miles into France.

Dispatches from Axles-  
Thermes said one powerful bomb  
blasted electric power lines from  
the power plant at Orli, less than  
three miles southeast of Axles-  
Thermes, and another exploded  
near the track of the main trans-  
Pyrenees railroad from Toulouse  
to Barcelona. No deaths or in-  
juries were reported. Most of the  
bombs fell in open fields.

#### NO MARKS SEEN

Witnesses said the planes, which  
came from the direction of Spain,  
were painted grey and bore no  
identification marks. French  
newspapers, however, expressed  
belief they were insurgent planes

THE WEATHER  
All Candidates Very Busy As  
Polling Wednesday Ap-  
proaches

REGINA (CP)—Saskatchewan  
may base its economic welfare  
on agriculture, but farmers do  
not outnumber businessmen as  
candidates in the provincial elec-  
tion. Polling will take place  
place June 8.

A survey of professions fol-  
lowed by the 156 candidates for  
50 legislative seats shows 51 are  
businessmen and the same num-  
ber are farmers. The others  
range from lawyers, doctors,  
teachers and clergymen to rural  
municipal officers, railroadmen,  
insurance agents and theatre  
operators.

The campaign entered its final  
drive today with ballots to be  
marked Wednesday. There are  
four major parties vying for pub-  
lic confidence, increasing the  
number of three and four-  
cornered fights.

## Czechs Will Remain Free, Says Premier

Fighting Speech By Hodza As He Tries to Satisfy Groups

By WADE WERNER

Associated Press Foreign Staff

BRATISLAVA, Czechoslovakia

—In a fighting speech, cheered by a great crowd, Premier Milan Hodza today repudiated the claim of Father Andrews Hlinka and his Slovakian autonomist followers to speak in the name of this republic's Slovakian minority.

"They can speak only for their party," declared the Premier, himself a Slovak, "and your presence here"—waving his arm toward the cheering crowd—"is the best answer to what they said here yesterday.

"We of the republic declare to the world that we are carrying on... We are solid and unshakable as a rock. We will not permit anyone to destroy our republic."

**SOLUTIONS SOUGHT**

M. Hodza threw the whole weight of his influence into efforts to solve dangerous problems arising from the demands of Father Hlinka's group for Slovakian autonomy, another disruptive factor added to the agitations carried on by Germanic, Polish and Hungarian minorities.

The Premier arrived amid echoes of a hostile demonstration yesterday by the Hlinka party, seeking to answer the autonomists' display by a more powerful one for Czechoslovak unity.

"You and I have been loyal to each other until now," the Premier told his hearers, "and we will continue to be loyal forever."

"It is true that black clouds hang over the republic today. You have gathered here at a time when we must ask ourselves whether we are capable of maintaining our independence."

Here he was interrupted by shouts of "We are! We are!"

**FEAR NO NATION**

"There were moments," the Premier continued, "when it was doubtful whether we could maintain order within our boundaries—whether we could show ourselves worthy of our independence. We are a calm people, but when the moment comes we can show that we fear nothing and nobody. Our peoples are heroic not only in patience but also in determination. This has been recognized by the great democracies of Britain, France and the United States."

How seriously Praha regards the situation was indicated by the fact Premier Hodza found it necessary to interrupt his program of conversations with other minority groups—such as the Sudeten Germans, Hungarians and Poles—in order to clarify, first of all, relations between the Czechs and Slovaks.

Until now government spokesmen repeatedly have emphasized that the problem of satisfying other demands for national minorities had nothing to do with Czech-Slovak relations, which have been harmonious.

The Hlinka movement, they said, represented only an extremely small group of discontented Slovaks.

**MANY BANNERS**

Yesterday the aged Father Hlinka showed the "Pittsburgh Treaty" to thousands of followers and declared Slovaks "never will rest" until its terms are fulfilled.

This followed a display in which Slovak peasants shouted demands for autonomy as they marched through the streets of Bratislava.

Behind thousands of banner bearers and with dozens of brass bands, the marchers rallied in the square in front of the municipal theatre.

The "Pittsburgh Treaty," signed June 30, 1918, was an agreement between Czech and Slovak groups in the United States proclaiming the principle that Czechoslovakia, then being formed, should grant "cultural self-government" to the Slovaks. Czechs and Slovaks are closely related, probably having sprung from the same sources. Czechs, however, came under Austrian rule while Slovaks remained for 1,000 years under Hungarian rule.

(Continued from Page 1)

This is the lineup of candidates: Liberal, 50; Social Credit, 39; C.C.F., 31; Conservative, 23; Independent, 4; Independent Labor, 3; Labor-Progressive, 2; Independent Social Credit, 2; Independent Conservative, 1; Union-Progressive, one; total, 156.

The Liberals, who have governed Saskatchewan since 1934, have a candidate in every riding.

Withdrawal of Walter Renwick, Social Credit candidate in Gull Lake, reduced the field to 156. He will lose his deposit of

\$100 and although his name will remain on the ballot, votes cast for him will be canceled.

It was a busy week-end for candidates, leaders and the party rank and file who will maintain the pressure until the polls close.

**ABERHART SPEAKS**

CALGARY (CP)—Elector of Saskatchewan will vote next Wednesday for freedom or continued bondage, declared Premier William Aberhart here yesterday.

Speaking at the Calgary Prophetic Bible Institute yesterday, Mr. Aberhart said 28 seats would be enough to form a government.

"If Social Credit makes any showing whatever, it will give the contradiction to the published statements that Social Credit is a wild dream that will fade away when the people come to consciousness," he added.

**WARNING AGAINST FRANCO PLANES OVER FRANCE**

(Continued from Page 1)

because supplies for government Spain have been moving along the railroad.

Even rightist newspapers here put quotation marks around the official description of the nine raiders, "unknown planes," and said they undoubtedly were insurgent.

Witnesses said the bombers Sunday followed the course of the Arleze River and the railway which parallels it. The railroad leading to the Spanish border at Puigcerda is one of the two main rail routes for sending supplies into government Spain.

**SEEN AS DELIBERATE**

The fact the planes followed the railway despite a light fog and penetrated so deeply within France was taken to indicate the possibility the raid might have been deliberate instead of what one French official called a mistake due to bad flying judgment.

Witnesses said the planes flew as far inland as Tarascon-sur-Ariege which is only 10 miles south of Foix, capital of Ariege Department, before turning back and dropping bombs near the Orli power plant.

Premier Daladier quickly issued orders designed to reassure the terror-stricken inhabitants of the region, who had scurried into underground shelters to escape the explosives.

"Pursue all planes of whatever nationality which threaten French territories in the Pyrenees region," he instructed the air force in a terse communique.

**WARNING SHOTS**

PERPIGNAN, France (AP)—French territory was invaded again today by bombing planes from Spain, but prompt warning shots from French anti-aircraft batteries sent them back across the frontier after a 10-minute flight over France.

The nine grey planes first appeared over the village of Puy-morrens, near the Andorran frontier.

They flew southeast more than six miles over French territory.

An anti-aircraft battery at the border town of Ur, standing with guns ready to fire following orders issued by Premier Daladier last night, sent a warning shot into the air as soon as the planes appeared.

**PLANES WHEEL AWAY**

The battery prepared to follow the warning with charged shells, aimed at the squadron, but the planes immediately wheeled south.

The bombers next were sighted

east of Bourg-Madame, still over French territory. Batteries at Nahuja, a little village near the border, also fired a warning shot. The planes then turned and flew back across the frontier.

The nine invaders flew in the same formation—three V's—as those which bombed fields near Ax-les-Thermes yesterday.

Where they came from and what they were seeking on the French side of the border remained a mystery, but all French anti-aircraft batteries in the border zone received orders to stand by, while military planes at border airports also were put on guard.

The planes from Spain first were sighted over Puy-morrens at 11.10 a.m.

Fliers Again  
Raid Alicante

MADRID (AP)—Insurgent aircraft left 21 persons dead, 100 wounded and another British ship ablaze in a fierce foray today over Alicante, 75 miles south of Valencia on the eastern Mediterranean coast.

The dead included three British members of the crew of the 5,775-ton British freighter St. Winifred, which was damaged in an earlier bombing of Alicante May 21. Others killed were nine women, a child and two Alicante stevedores.

After setting the St. Winifred afire, the planes bombed sections of the city near the harbor and 12 buildings were wrecked.

This and other new raids along the coast followed a week in which more than 400 persons lost their lives in aerial bombardments and in which new protests came from neutral nations.

Five German-made Junkers planes carried out the assault on Alicante.

Twenty-two buildings in the port section were destroyed. The harbor master, however, said most of the bombs fell into the water. Ships in port escaped damage.

Gas Mask Salesman  
To Visit B.C. Coast

MONTREAL (CP)—Every person in Great Britain could be supplied with a gas mask in five hours, according to Henry F. Trevillion, British gas mask salesman, who arrived here today on the liner Ausonia. He said he planned to approach departmental stores here to sell his wares.

"I do not know how the people feel on the Pacific coast about the Japanese situation, but I intend to find out," he said.

He said there was "a growing feeling among a lot of people that they'd like to own a good gas mask."

Lord Colville  
To Leave Island

MONTREAL (CP)—Britain hopes to maintain peace in Europe through her own strength, according to Commander Viscount Colville of Culross, retired British naval officer, who arrived here today aboard the liner Letitia.

Europe is thinking of peace rather than war, reporters were told by the Viscount, accompanied by the Viscountess and their son, the Master of Colville.

The party will go to Saanich, B.C., where the Viscount has lived the last 19 years, to close up their home there.

The Viscount, who inherited the title in 1928, will move to a new home at Kincardine, Scotland.

Outlays On Building  
To Total \$450,000,000

Expanded Federal Housing Loans and Municipalities' Works Are Big Scheme

OTTAWA (CP)—An expanded home building program, involving government loans of \$47,000,000 in a building revival that would cost \$116,000,000, is expected to come before Parliament this week.

Hon. Charles Dunning, Minister of Finance, gave notice Saturday of the government's intention of making some \$47,000,000 available for home building. The loans would be entirely apart from those to municipalities for self-liquidating works, announced last week. The whole program would make almost \$150,000,000 available in new business in the building industry.

Under the Dominion Housing Act of 1935, \$10,000,000 was made available for home loans that would be 20 per cent of the total cost. The builder providing a like amount and private lenders the other 60 per cent. Under the

act about \$14,000,000 was spent, with the government loaning about \$3,000,000. The 60-20-20 ratio would be retained in the new legislation.

**OUTLAYS \$86,000,000**

Mr. Dunning's resolution indicates the amount available for loans of this type will be increased to \$20,000,000, less the amount already loaned under the act.

The figure will be \$17,000,000, making it possible for about \$86,000,000 to be spent under the program.

The second phase of the government's program, involving \$30,000,000, is described as authorizing the making of loans at low interest rates to local housing authorities to assist in the construction of houses to be leased to families of low income at rentals "less than the economic rentals therefor."

Forecasting the legislation last week, Hon. J. G. Gardiner, Minister of Agriculture, said the interest rate would be 2 1/2 per cent.

Appeal Made at Meeting of Associated Boards of Trade at Trail

TRAIL, B.C. (CP)—Cautious commitments by government and business until there was definite evidence of improvement in economic conditions was urged today by W. G. Ternan of Rossland, B.C., president of the Associated Boards of Trade of eastern British Columbia, in his opening address at the organization's 38th annual convention.

Importance of improving the southern trans-provincial highway was stressed by the speaker, who said such a program would "rapidly increase the tourist traffic and jump provincial revenue."

"It is hoped this trunk highway will receive careful consideration by the provincial Department of Public Works," he said.

Mr. Ternan spoke at length on the Canadian Chamber of Commerce brief and the separate one presented by the Associated Boards to the Rowell commission on Dominion-provincial relations.

**BUSINESS GAINS**

Improvement had been shown in almost every line of business in the Kootenay district during the last year, J. R. Hunter of Nelson, secretary-treasurer, told the delegates in his annual report.

Mr. Hunter said there was need for much greater improvement in the Kootenay road system to induce the potentially wealthy tourist traffic to visit the area. He said increased gasoline tax revenues would more than offset costs of road improvements in the district.

Trail this morning extended an official welcome to the 200 delegates. The meeting may last until Wednesday night.

Faced by one of the heaviest agendas in the history of the organization, delegates settled down to work at the morning session by presenting 23 resolutions to the resolutions committee for consideration.

Friendship and co-operation with Italy, which has been one of his heaviest backers in the civil war.

(Travelers reaching Gibraltar quoted insurgent officers as expressing fears the Italians and

Germans intended to maintain a military hold in the country when the war ends.)

Except for slight insurgent gains in the Albocacer sector, the battle along the 60-mile front from the mountains east of Teruel to the Mediterranean was stalemated.

Increasing reports of bitterness against Italian and German influence in insurgent Spain were brought to Gibraltar Saturday by travelers who crossed the border and by insurgent officers themselves.

"The dictatorial manner of the Italian officers is unbearable," said one officer. He attributed unrest in insurgent circles to discord between staff officers and the Germans and Italians.

right-hand aides, Gen. Queipo de Llano and Gen. Jose Moscarda, were among officers, who attended the meeting Franco called at Burgos, capital of insurgent Spain.

## Alberta Tests Production Tax

Agricultural Land Relief Act  
Before Appeal Court

CALGARY (CP)—Test of the validity of Alberta's proposed Agricultural Land Relief Act, providing for a 7 per cent tax on agricultural produce, came before the Appeal Court of Alberta here today.

The act, adopted by the Legislature in April but unproclaimed, was referred to the court by the provincial government. Better known as the production tax, it is designed to replace present agricultural land taxes.

The reference is being heard by the full appeal court headed by Chief Justice Horace Harvey.

The act, in addition to replacing land taxes, also includes provisions for a crop insurance scheme.

The reference is fourth on the list of court cases.

The Western Stock Growers' Association members, in convention here last week, urged the government to withhold assent to the act until further study could be made of the new form of taxation. It urged an investigation into the "taxable principle" be made by a committee representative of all agricultural interests. The United Farmers of Alberta and the United Farm Women of Alberta are also opposed to the act.

## Quebec Liberals To Choose Chief

QUEBEC (CP)—Edouard LaCroix, Liberal member of the House of Commons for Beauce, announced at the week-end he would seek the leadership of the Quebec provincial Liberal Party at next week's convention. His announcement was made in a radio address over a Quebec hookup.

Present head of the party is former Premier Adélard Godbout, who does not sit in the Legislature. T. D. Bouchard, member of the Legislature Assembly for St. Hyacinthe, leads the party in the House.

### DAVE GENARO DIES

NEW YORK (AP)—Dave Genaro, 65, old-time vaudeville star celebrated as "the King of the Cakewalk," was found dead in bed in a Broadway hotel Sunday. He and his wife, who trouped as "Genaro and Bailey," won a national cakewalk contest in Madison Square Garden in 1931.

## Deaths of Man And Wife Investigated

NELSON, B.C. (CP)—British Columbia police at nearby Ymir today investigated the sudden double death of elderly Mr. and Mrs. Stevens at their home Saturday.

Discovery was made after the town's telephone service was interrupted. The couple, who operated the exchange, were found dead in their beds.

They had been married a year.

## WEEK-END TOLL IN ONTARIO 11

Four of Highway Deaths  
Stated Hit-run; Several  
Drowned

TORONTO (CP)—Loss of 11 lives was recorded today as Ontario's drowning and traffic toll for the first week-end in June. Another resident of the province died of injuries suffered two weeks ago in a motor mishap and another was burned to death.

Among highway accidents which left many injured were four in which police alleged automobile drivers sped away without investigating.

Adam Haverstock, 20-year-old farmhand, was left to die in a ditch near Cooksville, just west of Toronto, after being struck by a car Saturday night.

William Nuttall of Preston, former alderman of that town, died yesterday of injuries suffered when his truck collided with a car driven by Harry Ryder of Windsor.

Orilla police today still were trying to identify a man killed when struck by a car. Mrs. William Dow, 63, Detroit, died in hospital at Chatham of shock and injuries received when a car driven by her husband skidded on wet pavement.

An unidentified man, about 23, was killed near Port Credit, 14 miles west of Toronto, when hurled several feet by a car.

## Aberhart Sends Protest On Banks

CALGARY (CP)—Protest has been sent Prime Minister King against the reported threats of banks to close branches in Alberta. Premier William Aberhart told an audience at the Calgary Prophetic Bible Institute yesterday.

He declared it might be necessary for the Alberta government to make application for a bank, accepting the recent offer of Hon. Charles Dunning, federal Minister of Finance.

"I am told the banks are threatening the business men in various centres that unless they demand disallowance of our legislation they will close the banks," Mr. Aberhart declared. "It is one thing to close a bank for want of business. It is quite another to threaten closing to interfere with the government's legislation."

"I have wired the Prime Minister of Canada asking him to look into this matter as the banks really come under federal jurisdiction."

### THREAT REPORTED

EDMONTON (CP)—Provincial Secretary E. C. Manning charged last night at the Edmonton Prophetic Bible Conference that people in some districts of Alberta were being told bank branches would be closed unless they urged disallowance of Alberta legislation.

Mr. Manning declared that on one day only he had received at least 50 letters from all parts of Alberta containing copies of letters protesting possible disallowance of legislation passed by the Legislature at its recent session.

## Slight Wounds In Havana Duel

HAVANA (AP)—Ruben de Leon fought one duel yesterday and today still had one to go.

The secretary of the Cuban Revolutionary Party and director of the daily newspaper Patria settled the first affair of honor on his schedule when he and Senator Ramon Vasconcelos, president of the Liberal Party, duelled with swords.

Both were wounded slightly. They left reconciled over differences arising from comments Vasconcelos made in the newspaper El Pais, which led to the challenge by De Leon.

When De Leon recovers sufficiently from the wounds, he has on his program a duel with Octavio Garceran, nephew of President Laredo Bru. Garceran challenged him because of an article in last Saturday's edition of Patria.

## Lynching Threat In English Town

Aircraftman Fined For  
Forcing Son to Hold Hot  
Coals

BRIGHTON, Eng. (AP)—Police at the week-end kept a heavy guard about the home of Stanley Parrack, 37-year-old Royal Air Force aircraftman, who was fined £25 (\$125) in magistrate's court for forcing his seven-year-old son to hold hot coals in his hands as a punishment. A crowd of 1,500 persons gathered about Parrack's home and threatened to lynch him. Parrack and his wife were taken away secretly and spent the week-end elsewhere.

In police court, the father testified he had forced his son to hold coals because the lad was out of control and spoiled by his maternal grandparents, who had reared him.

The boy, Dennis Parrack, rejoined his maternal grandparents after hospital treatment for burns and bruises.

When he told the child to pick up the coals he thought they were cool, the father said.

But the boy testified in a

whisper that: "The coals were red—I cried."  
His grandmother, Mrs. Lillian Gibbs, said she would fight if necessary to retain custody of the child.

## Duce's Paper Taunts France

MILAN, Italy (AP)—Premier Mussolini's newspaper Il Popolo d'Italia yesterday taunted France as having a "sick" government with which Italy found it useless at present to try to reach an agreement.

"In his discourse at Milan June 2 on the world policy of Fascist Italy, Foreign Minister Count Galeazzo Ciano did not speak of France," the newspaper said.

"This means that during 20 days since Mussolini's May 14 speech at Genoa no development has occurred in the quarter of the 'barricades' which divide France, desiring a Barcelona victory, from Italy, desiring a Franco victory."

The paper added that accords are not sacred "with the sick; one waits at least until the patient is cured."

(France has sought a friendship accord with Italy similar to the one recently concluded between Great Britain and Italy. Negotiations broke down during preliminary talks last month because of the divided Italo-French sympathies in the Spanish civil war.)

## OLD-TIMER OF WINNIPEG DIES

PORT HOPE, Ont. — George A Garbutt, 79, who drove the first horse car in Winnipeg in 1883, died Saturday night here. He went to western Canada in 1882 as a member of a party which traveled by ox-cart across the prairies to survey the main line of the Canadian Pacific Railway. Later he was in the employ of the Hudson's Bay Company in Winnipeg.

NEW WESTMINSTER (CP)—A funeral service will be held at nearby Langley Prairie, B.C., Tuesday for the late Thomas William Foster.

In his 81st year, Mr. Foster, former speaker of the British Columbia Legislature, died suddenly at his home in Langley Saturday.

Born in England, he had lived in the Langley district 33 years. He represented Willington Riding on Vancouver Island for four years in the Legislature and the Delta constituency for seven years.

Mr. Foster was appointed speaker of the Legislature on Jan. 5, 1889, and served in that position until July of the following year.

A daughter, Mrs. E. T. Davy, lives in Port Alberni.

## NICKEL ALLOYS GIVE GREATER STRENGTH

1905—John MacDougall's "horseless carriage" is in trouble again. First time he drove it he stripped the gears. Last week the steering equipment gave way.

Something was always going wrong with those early automobiles. Even ten years ago a car driven at close to top speed for six to eight hours was a liability from then on.

Today with smoother roads, softer tires, easier spring suspension and Nickel Alloy Steels that are highly resistant to shock and wear, those early troubles have been largely eliminated.

This is the era of Nickel Alloys, and in the

development of Nickel Alloy Steels that are strong, tough and resistant to rust, wear and breakage, the automotive industry has led the way. Your car is stronger, safer, lighter—and gives more miles to the gallon—because of Nickel.

More Canadian Nickel is used in the building of cars, trucks and buses than for any other purpose. The increased use of Nickel is a good thing for Canada. At present 12,000 Canadians earn \$20,000,000 a year in the production of Nickel.

So remember—Nickel gives strength and safety to your car. Nickel helps make Canada prosperous.

## Jobs Go With Our Logs

BRITISH COLUMBIA LAST YEAR EXPORTED 270,000,000 feet of logs. Of this total, more than 73,000,000 feet went to Australia.

A Toronto weekly points out that large investments have recently been made in sawmills in Sydney and Adelaide, and these mills are equipped to handle the softwoods from the Pacific Northwest rather than the hard native woods of Australia. British Columbia mills, naturally, would like to ship more manufactured lumber to Australia than they do at present, but Australians, who also are keen to keep "manufacturing dollars" at home, consider it the better policy to build their own sawmills and use the raw material from British Columbia. The Australian government supports that view and has developed a tariff schedule that encourages the importation of logs, but puts a tax on unfinished lumber.

The Australian development is typical of what is going on elsewhere, particularly in Japan, which is also a big consumer of our unmanufactured lumber supply.

It is estimated that the 73,000,000 feet of logs which went to Australia would have kept a big sawmill busy in British Columbia an entire year, providing wages for several hundred men; also, a log converted into lumber at home represents three times as much in revenue to the province as a log exported. Yet, while we so badly need employment for our citizens and revenue for our governments, with what both mean to general business, we are content to sit by and see this industrially-suicidal trade continue. Our government forestry surveys indicate we have left only a dozen years' supply of our high grade timber. Yet it is mostly this first grade stuff that is going out in log form as it will best bear the freight charges for the long ocean haul. Each shipload of logs we send from our ports shortens the life of our first grade timber industry—and without the benefit such raw material should bring to our labor and general business.

The British Columbia Government can rightly say it is unable to stop this raw-log export, as it is from Crown-granted lands, which are removed from provincial control in that respect. The Dominion Government, however, can check such export and no doubt will without delay when public opinion demands it. When will public opinion bestir itself sufficiently to move our governments into action?

## Hodza Answers Hlinka

CZECHOSLOVAKIA'S SLOVAK PRIME Minister, Dr. Milan Hodza, today told the world at large that the majority of the people of his country were "as solid and unshakable as a rock," and would not permit anyone to destroy it. He was addressing himself particularly to that section of his compatriots led by Father Andreas Hlinka who commands a following which is demanding Slovakian autonomy. As a Slovak himself, therefore, Premier Hodza claims to have the right to exert more than ordinary energy to prevent dissension among the non-German population which would tend—if fomented and extended either by outside or inside pressure—to weaken the national cause in the face of the alleged territorial and political designs of Reichsfuehrer Hitler and his lieutenants in what is now Greater Germany.

Premier Hodza thus has reminded the public by inference, if not by a plain statement of the fact, that if the Slovakian point of view is persisted in—that part of it represented by Hlinka and his malcontents—it will be merged with the agitations carried on by German, Polish, and Hungarian minorities. In that case, of course, Czechoslovakia's newly-strengthened predatory neighbor would find aid and encouragement for the furtherance of her own schemes into which the world got an arresting insight when Nazi troops brought about Anschluss a month or so ago.

Czechs and Slovaks throughout their whole historical past have stood for truth and fought for justice. It can be said that in the common state established nearly 20 years ago there has been no serious attempt to betray the aims and endeavors of the past centuries. As Premier Hodza said in his fighting speech today: "You and I have been loyal to each other until now, and we will continue to be loyal forever. . . . It is true that black clouds hang over the republic. . . . You must ask yourselves whether we are capable of maintaining our independence." At this Dr. Hodza was interrupted with: "We are! We are!" Government spokesmen, by the way, from time to time have emphasized that the problem of satisfying the demands for national minorities had nothing to do with Czechoslovakian relations, which have been harmonious. Until recently, therefore, the Hlinka movement represented only an extremely small group of more or less inarticulate Slovaks.

There is every indication, on the other hand, that the collective will of the Czechoslovakian people is as strong today as it ever was in their history. The spirit and moral and intellectual qualities of the citizenry have been responsible for the building up of a real home for all the ethnical elements which

comprise the restored state. After all, the government headed by Premier Hodza is giving to the people the hope of satisfaction of their cultural, social, and economic needs, and is also guaranteeing them a full measure of all human and civic liberties such as only a genuinely modern state can give its citizens. With this in mind, and his sincerity unquestioned, the head of the government stood his ground in Bratislava today.

## Airplanes vs. Liners

AIR TRAVEL IS ABOUT TO SPAN THE most densely-traveled ocean, the North Atlantic. Whether the joint British-American service gets under way this summer or next will not alter the fact that the conquest of transoceanic skies is assured. The real race now is between airplanes and express steamers.

Such ships as the Queen Mary and the Normandie are luxury liners in more ways than one. They are expensive to run, piling up a little more deficit with every mile of their wakes. The losses are charged to national prestige of the nations whose flags they fly.

The general idea is that air transportation is always more expensive than water transport. Of particular significance, therefore, are the computations by experts that show that actually it will cost less to fly a passenger across the Atlantic than to carry him across on a ship like the Queen Mary. The cost per luxury liner passenger is given as \$67, while with a 150-passenger plane, such as will undoubtedly be built in the next few years, the cost would be only \$37. There are operating costs. The fares to be charged will be higher, including overhead and terminal charges.

Thus, not even considering the advantage of time saved, air travel will be cheaper. A moderate fleet of seaplanes would maintain daily schedules between Europe and America, and it is likely that the whole fleet would cost less than one Queen Mary or Normandie. Contrast this with five-day crossings and weekly schedules now maintained by the de luxe express steamers.

Obviously those who go to Europe on vacation and desire to combine a pleasant sea voyage with their transportation may prefer to travel by steamer, but already many travelers of this sort are seeking slower liners in preference to the express steamers.

## Talkative Folks, We

THE INFORMATIVE MAGAZINE THE British Columbia Telephone Company produces draws our attention to the fact that we are the most talkative people in the world. Canadians are the world's most frequent users of telephones and British Columbia leads the rest of the Dominion. It may be quite fair for British Columbia to read a compliment to its enterprise in these interesting facts. Narrowing the subject to bring it closer home, one learns that Victoria may lay claim to the laurels as the world's most talkative city. For besides British Columbia leading the world in telephones, Victoria and Vancouver are singled out as among leading cities of the world in telephone development.

The story of telephone expansion, linked as it is with industrial development, tells in a striking manner the story of British Columbia's progress. It is not so long ago when a trans-Atlantic telephone call made front-page news. Now any telephone in the B.C. system may be connected with 30,000,000 telephones in 70 different countries. In North America alone 18,000,000 to 20,000,000 telephones can be reached. Japan, South America, Australia and many points in Europe are among the places to which long distance calls are being put through.

As a barometer of increased industrial enterprise this record of the telephone is well worth noting.

## Notes

Unless the papers in Holland stop printing news distasteful to Berlin, "something will be done." But Dora thinks they are in Dutch as it is.

The tributes at the close of the British Columbia Drama Festival to Major Bullock-Webster and his work were well merited. Over a decade he sacrificed his time and resources in taking the lead in the work to awaken Victoria's interest in the dramatic art and develop her participation. The results of his efforts are seen in the production standards attained in competitions such as that of last week. What he did for Victoria, Major Bullock-Webster is now doing for the outlying parts of the province, with such beneficial effect to the life of the small communities.

## MONDAY HOLIDAYS

From Calgary Herald

Members of the city council of St. Catharines, Ontario, are sponsors of a recommendation to the federal government to have Dominion Day and Victoria Day holidays fixed for celebration purposes annually on the Monday of the week in which their dates fall each year. It is a suggestion certain to find wholehearted endorsement from the people generally.

Time was in the days of mud roads and our ancient friends the horse and buggy, when it didn't make much difference when these holidays came. Most people remained in the home town or city for the day, unless they blew themselves to a train excursion to some adjacent city or summer resort.

Today, however, things are very different. To the man with a family and an automobile with good highways over which to travel, the lure of a holiday away from home is strong. He is in a position to go places, but with only 24 hours off his job his distances are limited. With a full week-end holiday facing him he can plan for a real outing, certain that he and his family may enjoy themselves to the full and not be too worn out on the Tuesday to get back to business.

### BRUTAL GARDENERS

IT IS ALL VERY WELL for people to write in the newspapers and magazines about the peaceful joys of the garden but actually, at this time of year, one begins to discover that gardening is an entirely ruthless business, and that the gardener needs a heart of steel if he is to succeed.

You take my neighbor, Mr. Toms. Mr. Toms has a heart of gold, and the eyes of a three-day huffer. He cannot bear to destroy anything. It makes his heart bleed to pull out a single plant. When he sows poppies or petunias, he lets them all grow. He can't bring himself to thin them out, for to him the destruction of a single flower is like a foul murder, and if he were to pull out a fox glove by the roots, he would expect to see red blood dripping from his hands.

Mr. Toms is a Christian and a humanitarian. He believes in living and letting live, but look what has happened to him! His bed of poppies is a lush, impenetrable jungle, and there won't be a sizeable bloom in the whole lot. The fox gloves, crowded together and unthinned, are mean and spindly and bad-tempered and are strangling themselves to death. His nasturtiums are a tropical forest and his onions are all matted together and stifling for air. But still Mr. Toms can't bring himself to kill a single plant.

Each has a little life of its own, like a human being, Mr. Toms says, and as he has planted them, sown the seed, he feels a responsibility for protecting them.

At this season the gardener beholds the ruthlessness of nature, the biological fact that all life is war and destruction, and he is not surprised by the goings-on in Europe and China. He knows that a much fiercer battle is raging under his very nose in his lettuce bed and his perennial border. He knows that, but for his hoe, all the beautiful things would be strangled by the weeds, by the fierce-growing lupins, the blood-thirsty Michaelmas daisies, by those terrible Nazis, the blue campanulas. So, very sorrowfully, the gardener steels himself and commits mass murder, starts a blood purge, launches a brutal pogrom and ponders in his heart the strange heartlessness of nature, which gives the lie to all men's plans for peace and contentment.

(At latest reports Mr. Toms' garden was sunk without trace in a sea of green.)

### BROKEN VENEER

THE UNCENSORED REPORTS of the German occupation of Austria are beginning to trickle through and they make grisly reading to anyone who saw Vienna just a year ago, the pleasant city where everyone was so friendly, where life appeared so essentially decent, it is hard to picture Hitler's jolly storm troopers torturing these harmless Austrians, encouraging mass suicide, forcing some of the most eminent scientists of the world to scrub pavements and clean out latrines.

But the serious thing about this business is not altogether the disappearance of the Austrian nation, the submergence of a high civilization and a great people. The serious thing is, that the present state of Europe seems to reveal, in a flash, the brutality which is hidden in all races and all peoples by the thinnest gloss of civilization.

Within six years Hitler has not only changed the politics of central Europe, but has swept aside, as if by a single stroke, the civilizing process of 10 centuries. He has stripped off the gloss and revealed the brutality which lies so close to the surface. That is the terrifying thing about the situation in Europe. It shows you how quickly civilized men can revert to bestiality if they are given the least encouragement.

Fascism as a political system is probably no worse than the pre-war despotisms and, for peoples incapable of self-government, may be a perfectly sound system. But it has been accompanied by such a reversion, such submergence of everything we have learned to respect, that it makes you wonder whether as a race of creatures we are long capable of sustaining civilization at all.

Given the same situation, the same leadership, you would find plenty of similar brutality on this Continent. Indeed, you have only to read about the habits of the Fascist Belt in the United States, in Jersey City, for example, and the southern coal fields and in the Lynching Belt, among the share-croppers of the Deep South, to realize that if once the dam were broken by a political revolution, the dark tide of brutality which lies just below the surface, would burst upon this Continent and engulf large parts of it as Europe has been engulfed.

The thin outer membrane of civilization that we carry around with us is seen now to be a terribly fragile thing. The only important question in the world today is whether it was irreparably torn and damaged between 1914 and 1918.

Horoscope for today: The stars are in a new position, indicating dissatisfaction. People born on this day will not be content with \$4,000 if their neighbors have \$8,000.

Correct this sentence: "She couldn't have said such a thing about Amy," said the gossip, "for they play bridge together nearly every night."

### ROME 1938

Here in the quiet dust beneath our feet Victor and vanquished, slave and captor lie. Cloaked in a healing dream of earth and sky, The victor's palm forgotten, and the fleet Vision of flame forever past, the sweet Red wine of conquest spilled, the cup ash-dry. The slender lance long aeons since flung by. To drift in dust along the rutted street.

Deep is their dream, while still the steady flow Of years moves on toward some unbroken shore

Whose portals tower unmoving and unmoved; And since they slumber well they cannot know

That here among the Seven Hills they loved Another Caesar bears the torch of war.

## San Francisco Prepares for '39

SAN FRANCISCO

BE A "THIRTY-NINER." This is the injunction and invitation which greets you from hundreds of billboards and a wide variety of Golden Gate International Exposition publicity. It means just this: Between June 1 and June 18, six dollars' worth of admissions can be bought for five dollars, and \$20 is the price of a season ticket of admission from the day the "big show" opens on February 18 to December 2, 1939—288 days. Get either of these and you become a "Thirty-niner." Shades of—

The days of old,  
The days of gold—  
The days of '49!

So even as the hardy miners of 90 years ago hunted feverishly for the shiny metal that is gold—so this week has an army of San Franciscans gone forth as volunteers to seek patrons for this great undertaking. But no grizzled prospector is leading this drive; the Central Council of Civic Clubs, with all their membership, is enthusiastically and solidly behind it. But no wayward group in an early-day stage coach were more bent on their objective—more intent on finding "pay dirt"—than the vast horde of business organizations and civic clubs who pledged themselves yesterday (May 28) to the fulfillment of their dream—a record enrollment of "Thirty-niners."

Between now and the opening date of the Exposition next February, of course, the reading public will know as much about this ambitious project as the powers of verbal description can possibly convey. Every day, in dozens of foreign languages, goes out illustrated printed matter compiled by a large corps of seasoned newspapermen and publicity experts—all housed in the palatial exhibition offices on Bush Street. Progress is there recorded in the minutest detail and promptly reduced to the printed word for consumption in every part of the world. How carefully these publicists have been chosen is illustrated by the fact that the head of the Foreign Press Division—who took us out to Treasure Island to convince us that a near-miracle really has been performed in San Francisco Bay—New York born and educated, is as much at home in Fleet Street as he is in the Gobi Desert, as calm and collected when he is writing a story for a Melbourne daily as he is when concocting a yarn for a totalitarian mouthpiece.

## TOURIST SEASON IN N.Y.

From a New York Correspondent  
New York's tourist season is beginning, as evidenced by the increase of glass-topped sight-seeing busses, the roving bands through Radio City, the slowly-treading throngs on Broadway, the growing congestion in hotel lobbies, the steady migration across the bridges to the World's Fair grounds in Flushing Meadows. Visitors pour into this city at an average rate of 100,000 a day.

The web of streamlined highways around the town is almost complete. The Hendrick Hudson Parkway, a veritable chute for traffic of four states, and the Triborough Bridge, awe and aid visiting motorists. The George Washington Bridge is still drawing gasps for its night-time beauty, and the most spectacular cabaret in the east—the Riviera, jutting out on a cliff over the Hudson—already is open on the New Jersey side of it.

The trek to Jones Beach, famed around the world as the most luxurious seashore resort, has begun. Coney Island starts to stir out of winter lethargy. On Broadway, entertainments show no sign of going on the wane this summer. The sidewalk cafes have mushroomed everywhere, and the harbor is colorful with trans-oceanic liners.

## FRUIT OR VEGETABLE?

To the Editor:—On the question whether the tomato is a fruit or a vegetable, it may be said that both terms are loose ones. The tomato belongs to the potato family of plants which naturally classes it among the vegetables.

In horticultural exhibitions the tomato is generally included in a collection of vegetables, and horticulturists class it as a vegetable. The same applies to stalks of rhubarb, which are considered by the same authorities as belonging to the vegetable kingdom.

One cannot lay much stress on the word "fruit," for it is not unusual to read of the "fruits of labor," and the "fruits of the soil." The Encyclopaedia Britannica in giving the meaning of the word fruit, makes reference to the word as it appears in the Bible, which is extended to include the offspring of man and animals.

## B.C. CHAMPS ARE HONORED

Athletic Leaders of Province  
Guests at Monster Banquet

VANCOUVER — British Columbia paraded her champions of sport, past and present, Friday in a setting far from the ice arena; lacrosse floor, and basketball courts where the roar of crowds dinned in their ears. The champions, guests at a colorful banquet, heard the soft-spoken voice of Lieut. Gov. Eric W. Hamber praise the champions "who have brought honor to our great province." He referred not only to the champions of sport, but to the Beaux Arts Drama Society of Victoria which won the Bessborough Trophy at the recent Dominion drama festival, and the Kitsilano Boys' Band under conductor Arthur Delamont of Vancouver, junior world champions.

First came Westerns, the basketball team that won its way to the Dominion title this year; Johnstons, Dominion soccer champions last year; Johnny Samis, Dominion badminton champion, New Westminster Salmonbellies, kings of Canadian lacrosse; William Pedlar, Dominion junior tennis champ; Miss Gertie Wepsala, Canadian downhill ski champion, and Trail Smokeeaters, who fought their way to the Allan Cup and amateur hockey fame.

The Smokeeaters were not present but a message from their president, C. H. Nelson, was read.

Professional sport had its moments, too. Tip O'Neill, captain of the Pacific Coast Hockey League champions, Vancouver Lions, was introduced.

A message from Jimmy McLarnin, former welterweight champion, boxer, brought a roar of applause.

### WILLIAMS APPLAUDED

Percy Williams, Vancouver's Olympic sprint king of a decade ago, although not present, was applauded after R. L. Maitland, K.C., referred to him as the man who put Vancouver's name on the lips of the world—"one who will never be forgotten by Vancouver."

Vancouver members of Canada's team to the British Empire Games were introduced next, as well as Max Winkler, member of Victoria's rowing four to the Games at Sydney and Pacific Coast champions for 1936-37-38.

Max said he was "sorry the boys couldn't attend."

### Canadian Tennis Team to Prepare

MONTREAL — E. H. Laframboise, nonplaying captain of Canada's Davis Cup team, announced Saturday the squad will leave within a few days for Boston to open tune-up play for the Massachusetts title tourney June 11.

He said the tournament would serve as the team's first step in a month-long campaign of preparation for the North American opening round tie with Japan's Davis Cuppers in late July.

In a community of 7,900 miners in Germany, it was found that nearly 2,100 suffered from results of having rickets in early childhood.

### WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks pink.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless and gentle, they make the bile flow freely. They do the work of a catalyst but have no catalyst or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 50c.

## Ambulance Head Visits Capital

Col. A. E. Snell Finds Training Standard Here High; On Inspection Tour

Col. A. E. Snell, C.M.G., D.S.O., M.B.O., St. J., director of ambulance in Canada of the St. John Ambulance Association, arrived in Victoria for the week-end in course of his tour of inspection of ambulance activities in the western provinces, and examination of teams in first aid competitions.

Yesterday he examined a team from No. 13 Field Ambulance, R.C.A.M.C., for the Mary Otter Shield, a Dominion trophy awarded to the militia team securing the highest marks in first aid work.

Saturday night he was guest of honor at a banquet given in Spencer's dining-room by the local association. He spoke on first aid work in Canada. Col. Ross Napier and Mrs. Charles Wilson of the provincial council, were also guests. Capt. H. Davenport presided.

Colonel Snell told of the efforts of the St. John Association to develop ambulance work in outlying districts. Hon. E. W. Hamber, Lieutenant-Governor, G. H. Stevens, president of the British Columbia council, and H. W. Edvardson, honorary secretary, were active in this endeavor in the province, he said.

An attempt was being made, he said, to interest teachers at the normal schools and summer schools so that they could carry the knowledge to isolated districts.

"The teachers are the persons to begin with," he declared. "They can instruct their pupils after securing their own certificates." In relation to other provinces of equal size British Columbia had always been very active in ambulance work, he said. Up to the end of May there was an increase of 700 in the number of certificates issued in the province. In Canada as a whole an increase of 4,800 was shown. Industries, particularly mining, had been taking up the work actively.

## Organization Of Aged Pensioners

The B.C. Old Age Pensioners Organization Inc., with headquarters at Vancouver have launched a Dominion-wide membership campaign, and will shortly hold meetings in Victoria and other Vancouver Island centres for the purpose of forming branch associations.

The organization was inaugurated in Vancouver some six years ago, as a protest against alleged inconsistencies and unfair regulations in the Old Age Pensioners Act, and also to endeavor to bring about an increased pension, from \$20 per month to \$31 per day, as well as a reduction in the eligible age, from 70 to 65 years. Other unsatisfactory clauses in the Act have come under the organization's censorship, and at the next session of the Dominion House a determined effort will be made to have the objectionable features of the Pension Act removed.

## MAKO BEATEN BY JAPANESE

California Tennis Star Loses to Nakano in French Championships

AUTEUIL, France — Tetsuo Nakano, Japanese Davis Cup player, defeated Gene Mako of California 6-1, 6-3, 4-6, 6-0, yesterday in the third round of the French hard court tennis championships. The Japanese was too steady from the back court for his husky opponent.

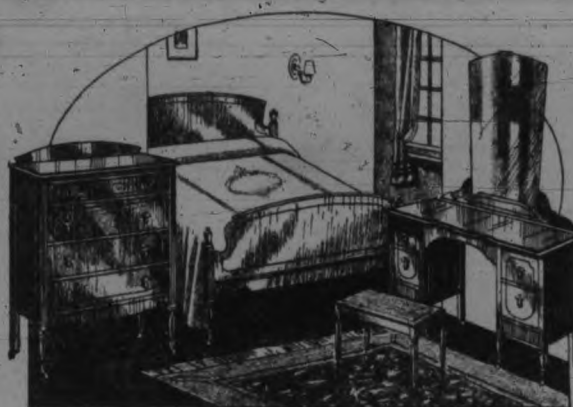

Don Budge, Mako's Davis Cup doubles partner, defeated Ghau Mohammed of India 6-1, 6-1, 5-7, 6-0. Owen Anderson of Hollywood, the tournament's biggest surprise, won from Henri Catteau, France, 6-1, 10-8, 2-6, 6-1.

Other stars to advance included Roderic Menzel of Czechoslovakia and Christian Boussus, France. Budge and Mako received stubborn opposition in the second round of doubles before they defeated the French pair Roland Jorjnu and Jean Lesueur, 6-3, 9-7, 7-5.

### Cedar Hill P.T.A. Joins B.C. Group

Mrs. George Ingledew was the speaker at a recent meeting held by the Cedar Hill P.T.A. at the school. As this was the last meeting till the fall a large number of parents was present.

Mrs. Ingledew pointed out the aims and objects of P.T.A.'s, and it was unanimously decided to affiliate with the provincial organization.

Mr. Tipper, the chairman, reported that a combination radio had been placed in the school by the local P.T.A., which would be of great assistance in carrying out the work in connection with the new curriculum.

Reports were read of the recent performance by the school of "The Bohemian Girl" and a hearty vote of thanks for its services was accorded the staff, Miss R. Whitaker, Messrs. Tipper, Johns, Brooker, Highfield.

Moose Official Tells Of Benevolent Work

In honor of Supreme Auditor G. Slater, who was paying an official visit to local units of the

Loyal Order of the Moose, a large delegation of members from Nanaimo lodge, No. 1052, were present Friday evening at a well-attended meeting held by No. 1390, with Dictator F. Humphries presiding.

Much business was carried out and the degree staff-initiated a class of candidates. W. Kettle, second vice-dictator of the Northwest Moose Association, will leave tomorrow to pay an official visit to Vancouver lodge, prior to the convention to be held next month in Tacoma.

After the meeting, and in the presence of over 100 friends, members from the Junior Order and Women of the Moose, Chapter No. 25, an interesting talking picture, "Fraternity Marches On," was shown by Brother Slater, illustrating the actual work carried out at Moosehaven, the home for the aged which is solely supported by the women's chapters and men's legions, and the Child City Mooseheart.

The speaker noted that during the depression a great loss of members was experienced and it was only through the penny fund collection which is kept in reserve that they were able to carry on the great humanitarian work that has brought education to over 3,000 children since its founding. One point he stressed is that it is international in every sense of the word, as no child of the white race is barred and under no circumstances do they change the religion or nationality from what the parents were.

Brother Hindmarsh extended greetings from Nanaimo units to chapter and lodge. Supper was then served at tables artistically decorated in lodge colors centred with vases of columbines, thanks being given to past regent A. Hatcher and her committee for their assistance. The buffet set was won by Mrs. P. H. H. To commemorate the 25th anniversary of Mooseheart, a silver jubilee social will be held Friday evening, June 10, at Carter's, 1017 Pandora Avenue.

### ST. MARY'S A.Y.P.A.

## Girl Hitch-hiked From Montreal

PENTICTON, B.C. (CP).—Somewhere in the nearby berry fields of southern British Columbia 21-year-old Mary Garden of Montreal found the end of hitch-hiking journey across the continent.

The fair traveler, who left Montreal May 16 and made the trip by way of St. Paul, Minn., Winnipeg, Edmonton and Calgary, passed through Trail, B.C., last week and said the hike didn't cost her a cent.

She told interviewers she had yet to ride a freight or sleep in the open.

"I was always able to work for enough money to stay at an hotel," she said.

"Miss Garden said she was surprised to find women motorists did not stop to pick her up.

"But men do though and on the whole they are not too fresh—but there is the odd one."

## Many Esquimalt Needy Assisted

At the May meeting of the Esquimalt Friendly Help Society a report of the past year's work was given and the financial statement for the year. The present officers will continue in office for another year. They are Lady Barnard, president; Mrs. G. Sisman, vice-president; Miss Phyllis Pooley, secretary, and Mrs. A. A. Warder, treasurer.

The society has assisted 35 families and 25 single persons with groceries, meat, milk, fuel, medicines, shoes and new and used clothing throughout the year. Two families attended the Sunshine Camp last summer.

The society is a member of the Greater Victoria Community Chest and subscribes to the Central Exchange.

A vote of thanks was passed to Mr. Shildrick of the Bank of Montreal, Esquimalt, for again auditing the accounts, and the Canadian Red Cross, Provincial Relief, Department and the Women's Workroom for donations of boots and clothing. Donations of clothing also received from Mrs. R. H. Pooley, Mrs. J. L. Mara, Lady Barnard, Mrs. P. J. Hill, Mrs. E. V. Finland, Mrs. W. E. A. Barclay, Mrs. Tindall, Mrs. C. J. Prior and Mrs. A. Mitchell were also thanked.

## MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will invite you to dances and parties. BUT, if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls along who are full of pep. For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps nature tone up the system, thus keeping the discomforts from the functional disorder which women must endure. Why not try LYDIA E. PINKHAM'S VEGETABLE COMPOUND?

## Recent Weddings

### REDHEAD-STEVENS

A quiet wedding took place May 23 in St. Paul's Naval and Garrison Church, Esquimalt, when Miss Muriel Ruth Stevens became the bride of Mr. George Redhead. The bride was given away by Mr. B. T. Derry. Miss Lucy Frankham acted as bridesmaid. Mr. Walter Lock was best man.

A reception for immediate friends was held afterwards in St. Paul's Rectory. After a short honeymoon in the Sound Cities, Mr. and Mrs. Redhead will make their home in Esquimalt.

### FLINN-DALBY

At a pretty wedding solemnized in the First United Church on Saturday afternoon, Rev. W. G. Wilson united in marriage Dora Anne, eldest daughter of Mr. and Mrs. R. S. Dalby, 1325 Minto Street, and Mr. Harry Flinn, only son of Mr. and Mrs. H. Flinn, Cobble Hill.

Given in marriage by her father, the bride was an attractive figure in her floor-length gown of silk oyster net, with which she wore a pillbox hat of turquoise blue georgette trimmed with small velvet flowers and bows, and carried a Colonial bouquet of beauteous roses and blue delphinium, tied with white satin ribbons and blue streamers.

She was attended by her sister, Miss Olive Dalby, in a frock of pink corded taffeta and a matching hat trimmed with forget-me-nots, and held an arm bouquet of pink gladioli and blue iris. They both wore blue lace and net mittens. Mr. Don Miller was best man.

After the service, a small reception for relatives and intimate friends was held at the home of the bride's parents, Mrs. Dalby receiving in a frock of brown lace, with wide-brimmed leghorn hat and brown accessories, assisted by Mrs. Flinn, mother of the bridegroom, wearing a gown of flowered silk with white hat and accessories.

Roses were used in profusion throughout the house, and the bride couple stood beneath a white lattice archway bedecked with orange blossoms, pink roses and greenery, between tall baskets filled with lupins and orange blossom.

The three-tiered wedding cake centred the tea table, which was covered with a lace cloth and decorated with silver vases of white roses and silver candlesticks containing white tapers. Mrs. Art Plows, Mrs. Frank Gilbert and Mrs. Archie Flucke assisted in serving.

Mr. and Mrs. Flinn left by the afternoon boat for Seattle en

route for a honeymoon trip by motor, the bride wearing an air force blue tailored suit, a Tuscan straw hat and British tan accessories. They will make their home in Victoria.

### WAKEHAM-OLSON

At St. Matthias Church on Saturday evening, Rev. Alan Gardner united in marriage Lillie Viola, youngest daughter of Mr. E. O. Olson, 841 Pandora Avenue, and of the late Mrs. Olson, Jasmink, Sask., and Mr. Frank Wakeham, third son of Mrs. Wakeham, 448 Chester Street, and of the late Mr. Alfred Charles Wakeham.

The church was decorated with masses of pink and white flowers, the bride party standing beneath an arch of flowers. Bows of white ribbon centred with pyrethrons marked the guest pews. In the absence through illness of her father, the bride was given in marriage by her brother, Mr. Alex Olson. She wore a white princess gown, extending into a short train, with long sleeves puffed above the elbows and a Medici collar. Her high-length veil was arranged beneath a Russian coronet of tulle edged with orange blossoms, and she carried a bouquet of Ophelia and sweetheart roses, white and pink carnations and white sweet peas.

Mrs. F. Goldie was her sister's matron of honor, wearing a graceful bouffant gown of pink chiffon, and a Gainsborough bonnet of frilled pink chiffon tied with blue ribbon. The bridesmaid, Miss Evelyn Taylor, wore a bolero frock of turquoise blue tulle, and her bonnet was tied with pink ribbon. They carried bouquets of carnations, blue iris and sweet peas. Enez Peterson, the dainty flower-girl, wore a Kate Greenaway frock of mauve point d'esprit over taffeta, and a matching crownless hat and carried a Victorian posy of gerbera, sweet peas and roses.

Mr. William Wakeham attended his brother, and the ushers were Mr. Raymond Wakeham and Mr. Erling Olson, brother of the bride. During the signing of the register, Mr. John Bell sang "A Little Gift of Roses."

After the ceremony a reception was held at the home of the bridegroom's mother, the bride and groom standing in a window embrasure decorated with pink and white stocks and iris. Mrs. Wakeham wore a pink flowered chiffon dress, and a large purple hat, and a corsage bouquet of roses and sweet peas. A Venetian lace cloth covered the supper table arranged with silver baskets of sweet peas and centred with the bride's cake.

Mr. and Mrs. Wakeham left at midnight for a motor tour through the Georgian Circuit, and will make their home at the Alvin Apartments on their return. For traveling the bride chose a beige ensemble with green accessories, worn with a corsage bouquet of Talisman roses.

Mr. and Mrs. Eric Olson and Mr. T. Golby of Duncan were out-of-town guests.

### THOM-WILLIAMS

Rev. W. G. Wilson, D.D., officiated at the marriage of Miss Anne Williams, formerly of Calgary, and Mr. Charles Thom, second son of Mr. and Mrs. David Thom, 359 Ker Avenue, which took place in First United Church at 8 Saturday evening.

The bride was given in marriage by Mr. A. R. Frewing, and wore a navy blue suit with shell pink accessories, and was attended by Mrs. Madeline Irwin, in grey with navy accessories. They both wore corsage bouquets of

## Lodge Women Welcomed In Seattle

Daughters of St. George At Installation There

Visitors from Victoria, Nanaimo and Portland, combined lodges of the Daughters of St. George, attended the installation of the officers of Alexandra Lodge No. 172, Seattle, held in the Maccabees Hall, Spring Street, Seattle, last Friday night.

Before the meeting the members of the visiting lodges were the guests of the captain of the guards, Mrs. M. Smith, and her guard team, at supper. The tables were decorated with flowers in the colors of the order, and unique favors of nosegays made of candies, each guest wearing them for the rest of the evening.

A most impressive ceremony was performed by the district deputy, Mrs. W. Hunter, and her supreme conductors, assisted by the guard team, who looked most attractive in their uniforms of white dresses and red caps, carrying beribboned staves.

After the installation, Mrs. B. Messenger, president for Seattle lodge, No. 172, called Mrs. A. Bumes, district deputy, Portland, Mrs. E. Perriss, district deputy, Nanaimo, and Mrs. N. Muckle, district deputy, Victoria, to the platform and presented them to all members in the hall; the visiting presidents were each called upon by Mrs. B. Messenger, Mrs. G. Gaines, Portland; Mrs. W. W. Bentham, Nanaimo; Mrs. J. Osborne and Mrs. E. Campbell, both of Victoria, who each spoke a few words, and on behalf of their respective lodges presented Mrs. Messenger with small gifts, for her lodge, as a souvenir of this meeting, this being the first time five lodges had met together on the Pacific Coast.

The Seattle Glee Club and other artists entertained the party after the meeting.

### VICTORIA SPEAKER

Saturday night all visiting members were the guests of the Seattle lodge, at a banquet held in the Dolly Madison tea rooms, where covers were laid for 250 members, each member receiving a corsage of red rosebuds. Mrs. M. A. Penketh, a charter member of Victoria Lodge No. 83, who instituted the Alexandra Lodge 32 years ago, was introduced to the assembly and spoke briefly on the good work of the order, and extended a hearty welcome to the sister lodges to visit Victoria in the near future.

Other speakers were Mrs. N. Muckle of Victoria; Mrs. A. Bumes, Portland, and Mrs. E. Ferriss of Nanaimo, and visiting presidents. Later a concert was held and community singing. After toasting all lodges and singing both American and Canadian national anthems, the singing of "Auld Lang Syne" brought a pleasant evening and notable meeting to a close.

Lodge Princess Alexandra, No. 18, D.O.E., met on Thursday, Mrs. I. Tyrell presiding. One application for membership was received. It was arranged to hold a garden party at the home of Mrs. M. Caldwell, date to be announced later. Drill practice will be held on Tuesday, June 14, at 2.15. After the meeting a dance took place, convened by Mrs. Fieldhouse.

roses. Mr. David Thom supported his brother.

A reception was held after the ceremony in the I.O.O.F. Hall, where a sit-down supper was served at a table centred with the wedding cake and lighted with pink and white candles standing between vases of flowers. Dancing was later enjoyed to music played by the Odd Fellows' instrumental trio. Mr. R. Heaton also played an electric guitar, and solos were rendered by Mr. Len Foster on his flute. As the bridal couple entered the hall Mrs. Alice Page played a wedding march on the piano.

Mr. and Mrs. Thom left at midnight for the mainland to visit the bride's old home near Banff. They will return to Victoria to live.

Among the gifts were a hand-some chair and smoker's stand from the former associates of the bride on the staff of Stevens' Confectionery, Yates Street.

THE NEW IMPROVED RINSO IS EVEN BETTER THAN THE OLD!

IT GIVES 25 TO 50% MORE SUDS, SAY WOMEN EVERYWHERE

IT SOAKS CLOTHES AT LEAST 5 SHADES WHITER THAN ORDINARY SOAPS

IT'S SAFE AS EVER FOR HANDS

MY HEAVENS! IT SEEMS THAT EVERY WOMAN I BUMP INTO TELLS ME I SIMPLY MUST USE THE NEW IMPROVED RINSO

YOU'LL RAVE ABOUT IT, TOO—ONCE YOU TRY IT

HERE YOU ARE, MRS. DALY. MY WIFE SAYS THIS NEW RINSO IS MIGHTY ECONOMICAL—A LITTLE GOES A LONG WAY

AND GRACE, BE SURE TO USE THE NEW RINSO FOR DISHES AND ALL CLEANING. IT'S GRAND

NEXT WASHDAY

ALL THOSE WONDERFUL THINGS I'VE HEARD ABOUT THE NEW IMPROVED RINSO ARE TRUE. IT SOAKED MY CLOTHES SNOWY WITHOUT A BIT OF HARD SCRUBBING. MY CLOTHES WILL LAST 2 OR 3 TIMES LONGER NOW.

THE NEW RINSO SOAKS OUT DIRT IN AS LITTLE AS 10 MINUTES, YET IT'S PERFECTLY SAFE FOR OVERNIGHT SOAKING

The wonderfully rich and lasting suds the New Improved Rinso gives is only half the story. The important thing is that these safe and active suds wash clothes shades whiter and get colours bright and fresh-looking. But you be the judge! Get a box of Rinso in time for next washday. You'll marvel at the richness of the New Rinso suds—even in hardest water. Rinso is recommended by the makers of 26 famous washers. Grand for dishes and all cleaning; never leaves a greasy film on dishes. So economical; a little goes a long way. Approved by Good Housekeeping Institute. Ask for the big box.

The New Improved Rinso is in the same familiar package—but what a difference in the suds

## ORGANIST TO PLAY TONIGHT

Varied Programme to Be Given By Sir Ernest MacMillan at First United

A varied program has been arranged for Sir Ernest MacMillan's organ recital to be held this evening in the First United Church at 8.30.

The program is as follows: Concert No. 2 in B flat (first movement) Handel; short suite, air, minuet, trumpet tune, second air, Purcell; "Fantasia" and "Fugue" in G minor, Bach; prelude on "Eventide," Parry; "Rococo," Palmgren; "Spring Song," Hollins; and Chorale No. 3 in A minor, Cesar Franck.

There will be a reception following the recital to which everyone is invited. Refreshments will be served and a silver collection taken.

## Dive Fatal To Vancouver Man

VANCOUVER (CP) — An early morning swim, part of a birthday celebration for his wife, ended fatally yesterday for Tom Gant, 30-year-old Vancouver truck driver.

Accompanied by his wife and four friends, Gant decided on a dip in the Second Beach outdoor pool. He misjudged the depth of the water, dove into the shallow end of the pool and struck his head on the rocky bottom.

Gant was in the water almost half an hour before he was missed and pulled out by George Millan, one of his friends who came to look for him.

Men who worked unsuccessfully over Gant for an hour said they believed his neck was broken.

News of another death, by drowning, came at the week-end. A lone Vancouver prospector walked four days and arrived at Alert Bay, off northern Vancouver Island, to tell British Columbia police his partner, Joe Hannah, had lost his life in the Nimkish River.

The New Jersey state police department established a bureau of identification for fowls in an effort to curb chicken thieves.

## FIGURES IN A BOOK?

What gives rise to a loan?

★ ★

"Credit can only be issued against real assets... The amount of credit must always be limited to the amount of free money..."

That was written by one of the greatest of Socialists—by the late Viscount Snowden of Ickneshaw, Philip Snowden, in 1935—little more than two years ago.

Few stood so long or so resolutely in the forefront of public controversy, or aroused such fierce opposition by vigour of opinion or severity of tongue—and none passed to his rest having earned greater public respect than Viscount Snowden.

His career was a triumph of sturdy British character. He took an unpopular course during the Great War, but later became one of his country's great figures, standing firmly for his convictions and for soundness in the financial structure of Great Britain.

His words quoted above apply to Canadian banking today with all the force with which he applied them that day to banking in England. The Canadian banking system is a British system, adjusted from time to time to fit the needs of a developing nation in the changing scene of this new world.

Credit can only be issued against real assets. That is as true today as ever. You cannot create credit by writing figures in a book. You cannot make loans regardless of deposits, collateral or repayment, then write the loans up with a fountain pen as figures in a book labelled "Deposits" and lend them over and over.

If you could, then bankers in any country would need no more than a fountain pen to prevent bank failures.

During the last ten fiscal years Canada's chartered banks have paid more than \$397,000,000 in interest on deposits. If they could create deposits by the magic process of writing figures in a book, they could have saved that \$397,000,000!

And if banks could lend ten times the amount of their deposits, collecting interest each time, bank profits would become a national scandal, dividends would be paid in astronomical figures, people would be selling all they had to buy bank shares, and there would be a land office rush on at Ottawa for bank charters.

But what are the facts?

Bank profits last year averaged less than half of one per cent. on total assets—a lower margin than that of any other class of business, corporate or individual.

Dividends are less than 4½ per cent. on shareholders' investment; nobody is scrambling to sell all he owns to invest in bank shares, and there is no land office rush at Ottawa for bank charters—though no application has been refused in the last fifteen years.

Banks perform no miracles.

They keep cash reserves more than sufficient to meet the average daily withdrawals. They keep much more in forms readily convertible into cash, should any emergency ever arise.

By reason of their strong liquid position Canada's chartered banks have money awaiting demand—just awaiting safe loaning opportunity.

Banks cannot lend money unless people want to borrow it. They have no monopoly of the business of extending credit, for the cash reserves of many other corporations find a useful earning outlet in the same way.

Some loans directly give rise to deposits; but have you ever considered what it is that gives rise to a loan? A man's realizable assets accumulated from his own work, plus his own character, ability and willingness to repay.

All deposits are not the direct result of loans. People do not borrow money and pay interest on it to leave it on deposit at a lower rate or no rate at all.

They borrow money for use. They draw it out promptly and use it in the expectation of making a profit over and above the bank charges.

Let us remind you that deposits of any kind are always payable to the depositor, or to his order, in cash.

### Modern Etiquette

By ROBERTA LEE

1. Does the girl or boy suggest going home at the end of a dance?

2. Should one say good-bye to the guest of honor as well as the hostess at a party?

3. If there is punch bowl at a party and no one presiding, does the girl fill a glass for herself and one for her escort?

4. May a girl reply "Thank you" when a man thanks her for a dance?

5. Is it poor taste for a girl to tell a man he is a good dancer? What would you do if—

(a) A man asks you to dance and he is so drunk that you would rather not attempt it—

(b) Refuse him and then dance with the next man who asks you?

(c) Feel that you must dance with him?

Answers

1. The girl.  
2. Yes.  
3. No, the man fills a glass for her and then one for himself.  
4. Yes.  
5. No—and not a bad idea. Best "What Would You Do?" solution—(a).

DUST STORM

OBIHIRO, Japan (AP) — A dust storm rivaling those of the North American midwest, struck the central part of Japan's Hokkaido Island Saturday. Seventy-five thousand acres of valuable farm land were carpeted by an inch of fine silt, inflicting crop losses estimated between 65 and 80 per cent.

## Main Road Works May Be Held Up

Ottawa Aid Covers Only New Border Highway; Minister Returning

Unless the provincial government can find the funds itself, the road construction program in British Columbia this year will be confined to the construction of a new Pacific Highway from Blaine to the Pattullo Bridge, the Big Bend Highway already in hand by the federal government, mining trails previously announced and a few small incidental park works.

This was made clear today following the return of Premier Pattullo, who received advice of the federal allotments from Hon. F. M. MacPherson, Minister of Public Works, now in Ottawa. Mr. MacPherson is expected back in Victoria Thursday.

The Premier was informed Ottawa will contribute 50 per cent toward a new \$600,000 highway on the mainland, expenditures of \$40,000 on the Spanish banks, \$10,000 for work at Stanley Park in Vancouver and \$10,000 for improvement of playgrounds generally in the province under the scheme started two years ago.

Hopes of the provincial government for additional federal aid in reconstructing the main trans-provincial highway, the island highway and other trunk roads appeared slim after announcement of the new mainland road. Last year Ottawa contributed \$500,000 toward main highway reconstruction, besides its mine trail vote, and the Big Bend Highway and park feeder roads.

## PROGRAM REVISION

A revision of the provincial government's road program for the summer may be necessary upon the return of Mr. MacPherson. The public works department was ready to go ahead with reconstruction along the main routes if funds were available, but some time ago Ottawa intimated it might discontinue the policy of joint works.

Without funds from Ottawa, the province would have to find the money itself to continue the road program which has as its object a system of dustless highways along all main routes. Approximately half of the main trans-provincial route is now surfaced, and most of the island highway, although several pieces of reconstruction are needed on surfaced portions.

The province has funds to do a certain amount of surfacing this year on stretches that were prepared last year. The extent of this work probably will be announced on Mr. MacPherson's return.

Continuation of the work on the Malahat, which has been widened from Langford Lake to Cousin's Hill in the last two years, is threatened by the cessation of Dominion grants.

Gunda Singh was given suspended sentence and assessed \$2 costs in the City Police Court this morning on a charge of dumping rubbish on private property.

William Carnegie was sentenced to seven days' imprisonment, dating from the time of his arrest last Friday, by Magistrate Henry Hall in the City Police Court this morning, on a charge of stealing a box of tools from a parked car. Character evidence was given in the accused's behalf this morning by Stanley Palmer and Ernest Peck, former employers of Carnegie's.

R. Liebel, 1176 Kings Road, and D. M. Pley, 1616 Clawthorpe Avenue, received a ducking in the inner harbor last Saturday afternoon when the speedboat in which they were traveling struck a piece of wood and capsized. The two men were taken aboard the hydrographic survey ship, William J. Stewart, and given dry clothing. They were none the worse for their experience.

The city will give immediate attention to protests from some local cleaning establishments on the alleged practice of other firms sending soiled clothing to Vancouver for treatment, Mayor Andrew McGavin announced today following an interview with W. F. Pinfold. A definite ruling would be made before the half-yearly payment of business licenses on July 15, the mayor stated.

A car owned by W. Shingle, 549 Kelvin Avenue, slipped its brakes while parked on a hill on Tennesson Avenue yesterday afternoon and crashed through a fence into a house owned by H. Gill, 501 Dupplin Road. Saanich police reported Mrs. Shingle was in the car at the time, but did not know how to stop it when it started down the hill. The house was reported considerably damaged.

## Alaska Road Progress Made

Pattullo Hopes to See King Later; Replies to Bennett

Premier Pattullo may go east again shortly to continue negotiations on the B.C.-Yukon-Alaska Highway project.

After his flying trip to Washington and Ottawa, the Premier, back in his office today, said progress had been made on the scheme, but as Premier King was taking a rest he had been unable to see him in Ottawa. He might have to go east again for this purpose.

The Premier said that in Vancouver Saturday a reporter apparently misunderstood his remarks and quoted him as stating he could not say the Alaska Highway was any nearer realization. This conveyed a wrong impression, for he felt that definite progress had been made. Until things took more concrete shape he was not in a position to talk details, he said.

The Rt. Hon. Mr. Bennett is quoted as having made some sarcastic observations in connection with his visits to Washington, he said. "British Columbia is vitally interested in the issue of this road and is necessarily a party to anything in connection with it, and I am simply trying to hurry the matter along. This is a very important project and I am not to be deterred, either by misinformative articles or sneers and sarcasms."

## NEW TOURIST TAXES SCORED

Dual Fishing License and Wharf Charge at Sidney Protested By Chamber

The imposition of dual fishing licenses for visitors to British Columbia intending to fish in both salt and fresh water this year and a proposal to levy wharfage charges from cars landing at Sidney will both be the subject of protests by the Victoria Chamber of Commerce.

At their luncheon today the directors of the chamber endorsed the action of the Victoria and Island Publicity Bureau in protesting the dual fishing license.

It was explained British Columbia had ended a reciprocal agreement with the federal government whereby the federal license covered both salt and fresh water sport fishing.

The fact that the change was made after the lower license fees had been published in tourist literature was the subject of special protest.

In connection with the announcement by the federal government that as a matter of policy it would appoint a wharfinger at Sidney and that fees would be collected, the directors resolved to protest strongly against any tax on incoming tourists either directly or through the transportation companies.

After it had been explained that the proposed 10-cent levy on incoming cars and outgoing cars would only be collected if the cars were classed as freight, the directors decided to urge that tourist automobiles be classed as baggage—a classification already given them by the ferry companies.

During debate on the subject, George E. MacDonald called the proposed levy a nuisance tax, and said he feared it might increase from year to year like the radio license fee.

Authorization for the renewal of seven fender piles for the garbage wharf is sought by G. M. Irwin, city engineer in a letter to the City Council filed today.

John H. K. Pallett, John Henry Keene Pallett, 730 Princess Avenue, died at the Jubilee Hospital Saturday night. He was born in England and has been living here for 18 years. Funeral arrangements will be announced later.

George Goulter Merrick, Funeral services were held Saturday afternoon for George Goulter Merrick, only son of Mr. and Mrs. Joseph A. Merrick, Uplands, who died on Thursday. Services were held at the family residence with Rev. Canon F. A. P. Chadwick and Rev. G. R. V. Bolster officiating. Interment was at St. Luke's Cemetery, Cedar Hill, where Rev. Septimus Ryall officiated at the graveside. The pallbearers were: Logan Mayhew, Douglas Patterson, Edward Fox, Chris Usher, William Osborne and John Butterfield.

## OBITUARIES

## ELIZABETH KIDD

Many friends attended the funeral of Elizabeth Kidd, held on Saturday afternoon from McCall Bros' Funeral Home, Rev. James Hood conducted the service, during which the hymns, "Nearer, My God, to Thee," and "Abide With Me," were sung. The casket was banked with flowers. Interment was in Colwood Burial Park, with the following as pallbearers: L. Merrett, F. Jones, J. Raven, T. Wallace, J. Ewer and D. Daldock.

## ALICE EMILY YOUNG

Funeral services were held Saturday afternoon in Sands Mortuary Chapel for Mrs. Alice Emily Young, Rev. O. L. Jull officiated in the presence of relatives and many old-time friends. The hymns sung were "On the Resurrection Morning" and "Jesus, Lover of My Soul." Mrs. S. M. Morton rendered the solo, "In the Garden." The casket was covered with and surrounded by a profusion of beautiful flowers, betokening the high esteem of respect in which Mrs. Young was held. The following acted as pallbearers: W. Heathfield, Walter Hichens-Smith, Alexander Murray and Roy Wille, all sons-in-law of the deceased, and A. L. Hickling and P. W. Pearson. The remains were laid to rest in the family plot at Ross Bay Cemetery.

Interment was in Colwood Burial Park, with the following pallbearers: R. Miller, L. Buxton, C. Willard and F. Pocock. Funeral services were directed by McCall Bros.

## HARRY HELMCKEN PARKER

Harry Helmcken Parker, well-known farmer of The Cedars, Lagoon Road, Colwood, passed away in St. Joseph's Hospital today, aged 65 years, following a long illness. Mr. Parker was a son of the late John and Mary Parker, who arrived in Victoria on the Norman Morrison from England in 1853, his father for many years being a pioneer butcher at the corner of Government and Fort Streets. He is survived by his widow, four sons and two daughters, Harry in Chicago and Elmore C. Bert W. and John A. T. Parker; Mrs. J. Goodall and Mrs. L. Slater, all at Colwood. Funeral services will be held from Hayward's B.C. Funeral Chapel on Thursday afternoon at 2, followed by burial in Colwood Burial Park.

## JOHN WALLACE

At the home of his son at 611 Wilson Street, on Sunday evening, death occurred of John Wallace, aged 83 years, of 510 Langford Avenue. Mr. Wallace was born in Eaglesham, Scotland, and had been a resident of this city for 18 years. He is mourned by three daughters, Mrs. A. Beaton in Prince Albert, Sask.; Mrs. F. Button of Toronto, and Mrs. J. Stevens of Boston, Mass., and four sons, John in Scotland, James in New Zealand and William and Andrew in Victoria. The funeral will take place Wednesday afternoon at 2 from McCall Brothers Funeral Home. Rev. Daniel Walker will conduct the service, followed by interment in the family plot in Royal Oak Burial Park.

## SAMUEL ALFRED McALLISTER

Samuel Alfred McAllister, who was for 16 years in the employ of A. P. Slade &amp; Co., Ltd., passed away this morning in St. Joseph's Hospital after a protracted illness. He was born in Streetsville, Ontario, and came to Victoria 18 years ago. Mr. McAllister is survived by his widow and two sons, Gordon Edgar and Kenneth McAllister, all of Victoria. Funeral arrangements will be announced later.

## TOM S. LEA

Tom S. Lea of Lea Court, 2109 Pembroke Street, died at the Royal Jubilee Hospital yesterday, aged 67 years. He was born in Worcester, England, and came to Victoria 38 years ago. He is survived by his widow, at home; two daughters, Mrs. Norman Camusda of 1054 Pembroke Street, Mrs. Jeffery Newstead of William Head; a step-brother, Reginald Lea, formerly inspector of the Northwest Mounted Police, now residing in Los Angeles; a step-sister in England, and a nephew and niece in Vancouver. Mr. Lea was manager of the Saunders Grocery and for the West End Grocery for 10 years, and was in the grocery business for himself at the corner of Stanley and Gladstone Avenues, later becoming a partner of Kirkham &amp; Co., but severed his connection about four years ago. The funeral will take place on Wednesday afternoon at 2:30 in the Sands Mortuary Chapel. Rev. Dr. W. G. Wilson will officiate and the remains will be cremated at Royal Oak.

## DELAY WATER RATE HEARING

Case Between City and Oak Bay Postponed to End of Long Vacation

Hearing of the suit of the city of Victoria against Oak Bay on the water rates issue has been adjourned, until after long vacation, it was learned in the Supreme Court registry today. The case involves a claim by the city for payment of arrears by the eastern municipality, which has declined to accept the 1933 rate set by the city for the supply of water. Oak Bay has paid at last year's rate.

Long vacation will start at the beginning of next month and continue through to the end of August. During that period, Supreme Court chambers will be held at 10:30 Thursday morning, County Court chambers will be held Tuesday at the same hour.

## DESIRE LAND FOR LIBRARY

Section of Leiser Estate Sought By Board For Possible Extension

An application was made by W. T. Straith, M.P.P., chairman of the Victoria Public Library Board, to the City Council today for permission to purchase a section of the lot on the north side of the library to ensure adequate light for the building and to make provision for extension when such work can be financed.

The letter suggested a strip 21 feet 6 inches wide be purchased for the purpose at a price of \$2,000, spread over five years. Yearly installments of \$400 would be taken from the library's fines account and would go

## Britain May Hear Of "Petrol" Sign

Victoria may get publicity in England as the result of the "petrol" sign erected at Elk Lake by a tourist-conscious service station operator. The Victoria and Island Publicity Bureau this morning received a letter from W. A. McAdam, acting agent-general for British Columbia in London, saying he was hoping pictures of the sign—stated to be the first in Canada—would be given prominence in the British papers.

The letter also enclosed a clipping from the Newcastle Journal telling of the election of L. C. P. Scaife, a native of Victoria, to the presidency of the Newcastle Rotary Club.

Mr. McAdam also asked for an Automobile Club of Victoria emblem to display on his car for publicity purposes.

A remand until tomorrow to decide their election was granted Charles W. Abbott and John A. McRae, charged in the City Police Court this morning with breaking and entering a hotel room occupied by I. Kitagawa and committing theft.
